

# WE'RE GOING TO GIVE IT TO YOU STRAIGHT.

# NEW COLORS!

The Metal Chalk Line/Plumb Line comes in a die-cast case in 50' or 100'

Exclusive slide-action lock and hook ring also provides true plumb bob action. Lock releases automatically on rewind and the handle closes flush with the case.

The new Starrett® line is chalk full of new colors! Permanent Blue, Permanent Red, Fluorescent Green and Permanent Black join our existing pallet of Blue, Red, White and Fluorescent Orange.

Combine these easy to see chalk colors with either our Chrome, Orange, Green or Yellow, high-speed Reel Fast® Chalk Line and you have an unbeatable combination. The Reel Fast® has a highly durable case with a large chalk capacity and quick, easy push-button line release and fast rewind. Our chalk is of the highest quality, specially formulated and colored to mark distinctively and comes in 8 oz. and 5 lb. bottles. We also offer the Reel Fast® combined in one package with a 4 oz. bottle of Blue, Red or Orange Chalk.

All colors are available in both 8 oz. and 5 lb. bottles. Please see back for more information on ordering.
